

## EDGEmaster® 9-5/8" W-Valley

W-Valley is used in the roof valley area to channel water down into the gutters. This product features a small ridge in the middle to prevent run-off rain from running down one side of the roof and splashing up under shingles on the opposing side. Features hemmed edges for safe, easy installation. Available in a variety of sizes and colors.

### Product Data and Ordering Information

Material: .0.012 min thickness, G30 galvanized  
Dimensions: 9-5/8" leg
